

Systear[®]

Polyethylene Glycol 400 USP 0.4% &
Propylene Glycol USP 0.3%
Eye Drops

Composition :

Systear[®] Eye Drops: Each ml contains Polyethylene Glycol 400 USP 4 mg & Propylene Glycol USP 3 mg.

Preservative :

Sodium Perborate BP 0.01%.

Vehicle :

HPMC USP 0.2%.

Excipients :

Sodium Chloride, Potassium Chloride, Calcium Chloride, Magnesium Chloride & Boric Acid.

Pharmacology :

The combination of Polyethylene Glycol 400 & Propylene Glycol is clinically proven to reduce both signs and symptoms of dry eye. The mechanism of action is thought to be due to its unique gelling and lubricating system formulated to adjust to each users individual tear pH. When the ingredients of Systear[®] combine with natural tears, a soft gel forms a network of protection over the eye surface. Since it promotes a healthy environment in eye surface, damaged surface cells of eye can repair more easily.

Indications :

Systear[®] Eye Drops is indicated for the temporary relief of burning and irritation due to dryness of the eye.

Dosage and administration :

Instill 1 drop 4 times daily in the affected eye(s) or as needed.

Side effects :

Generally well tolerated. Systear[®] should not be used if allergic condition occurs to any ingredients of the product.

Contraindications :

It is contraindicated in patients with known hypersensitivity to any ingredient in this formulation.

Precautions :

- Never touch tip of container with any surface to avoid contamination.
- Replace cap after each use.

Storage :

- Store below 30°C in a dry place, protect from light.
- Do not use longer than 30 days after first opening.
- Keep out of the reach of children.

Packing :

Systear[®] Eye Drops: Each LDPE dropper bottle contains 10 ml sterile eye drops.
