

Sodium Hyaluronate BP 0.1%
Enriched with Carboxymethylcellulose Sodium USP 0.5%
Eye Drops

Composition:

Opti Fusion Eye Drops: Each ml contains Sodium Hyaluronate BP 1 mg. (Enriched with Carboxymethylcellulose Sodium USP 5 mg).

Preservative: Sodium Perborate BP 0.01%

Pharmacology:

Opti Fusion eye drops have a unique formula that blends several ocular lubricants (Sodium Hyaluronate and Carboxymethylcellulose) to lubricate, protect and restore eye surface integrity. Sodium Hyaluronate is a natural polymer with viscoelastic property that promotes healing and guards against dehydration on the eye surface. Carboxymethylcellulose is one of the strongest mucoadhesive polymers, which retains direct contact with corneal epithelial cells to provide long-lasting clinical benefits.

Indications:

Opti Fusion eye drops is useful for the instant relief of dry, irritated and gritty eyes. **Opti Fusion** eye drops is compatible with contact lenses.

Dosage & administration:

Instill 1 or 2 drops in the affected eye(s) as needed.

Contraindications:

This eye drops is contraindicated in patients who are hypersensitive to any component of this preparation.

Side effects:

The chance of side effect is highly unlikely. However, transient blurring of vision may occur.

Precautions:

- For ophthalmic use only.
- To avoid possible contamination of the drops, do not touch the dropper tip or to any surface. Replace the cap after use.
- Do not use if solution changes color or becomes cloudy.
- If more than one topical ophthalmic drug is being used, the drugs should be administered at least five (5) minutes interval between applications.

Use in special group:

Use in pregnancy: There are no adequate and well-controlled studies in pregnant women. This eye drops should be used during pregnancy unless the potential benefit justifies the potential risk to the fetus.

Use in lactation: It is not clear if enough medication from the eye drops would pass into breast milk. Caution should be exercised while giving this ophthalmic solution to a nursing mother.

Pediatric use: Safety and effectiveness have not been demonstrated with this eye drops in pediatric patients.

Storage:

- Store below 25° C at dry place, protected from light.
- Do not use longer than 30 days after first opening.
- Keep out of the reach of children.

Packing:

Opti Fusion Eye Drops: Each LDPE dropper bottle contains 10 ml Sterile & Pyrogen free Eye Drops.
