

Arodin®

Povidone-Iodine USP 1%
Gargle and Mouth-wash

Description:

Arodin® (Povidone-Iodine), chemically polyvinylpyrrolidone- Iodine is a complex of Iodine and organic polymer, Povidone. It has rapid and prolonged germicidal activity against a wide spectrum of pathogenic organisms including both Gram-positive and Gram-negative bacteria, fungi, protozoa, virus and yeasts. It is also active against bacterial spores. Even it is active in the presence of blood, serum, purulent exudate and necrotic tissues.

Composition:

A pleasant flavoured solution containing Povidone-Iodine USP 1% w/v (0.1% w/v available Iodine).

Indications:

For infected inflammatory conditions of the mouth and pharynx caused by bacterial infections and in dental surgery.

Directions for use:

Adults and children over 6 years, gargle with up to 10 ml undiluted or diluted with an equal quantity of warm water for up to 30 seconds, up to 4 times daily for up to 14 days.

Contraindications:

Avoid regular use in patients with thyroid disorders or those receiving lithium therapy and who shows hypersensitivity to Iodine.

Side Effects:

Idiosyncratic mucosal irritation & hypersensitivity reactions rarely, may interfere with thyroid function tests.

Caution:

Use with caution in pregnancy and breast feeding.

Storage:

- Store below 30°C, keep in dry place & protect from light.
- Keep out of the reach of children.

Precautions:

Each bottle containing 100 ml of Arodin Gargle and Mouth-wash.
